“NDA” No Dark Area Helios®

Standard light fixtures that use standard American light bulbs available in the states are not made to illuminate the complete aquarium. In fact, a 24in. bulb is used in a 36in. aquarium kit thus 30% of the aquarium is without light. Helios® HO T5-III Fixtures are custom tailored with Universal Euro size bulbs, meaning it lights your aquarium completely from end to end.

WARNING AND SAFEGUARD

WARNING

- » This product may contain chemicals known to the State of California to cause cancer and/or birth defects or other reproductive harm. Wash you hand after handling the product.
- » Hg lamp contains Mercury. Manage in accordance with disposal laws. See: www.lamprecycle.org
- » It is your sole responsibility to verify that the plug and receptacle are clean/free of moisture and salt build up at all times. The receptacle must be free of water, salt, calcium, and magnesium. Failure to do so may cause fire and/or loss of life.
- » Do not plug into an extension cord or power strip.
